AG TRIVIA

Calla! Thank you for another great night of trivia. You are genius. As a liberal-leaning hippy agrarian, I was nervous about the theme, but it was brilliant! The whole shuh-bang helped me, at least, feel more connection with my conservative-tending agribusiness neighbors, and I thank you. I get set in my opinions and ideals and start wrapping them around me like a shell and talk only to snails that look like me. I don't know if anybody else had this experience last night, but the whole thing softened my shell.
